

PROSPECTUS OF THE United States Magazine and DEMOCRATIC REVIEW.

On the 1st of July, 1837, will be published at Washington, District of Columbia, and delivered simultaneously, in the principal cities of the United States, a new Monthly Magazine, under the above title, devoted to the principles of the Democratic Party.

It has long been apparent to many of the leading members of the Democratic Party of the United States, that a periodical for the dissemination of their political principles, similar to those in such active and influential operation in England, in a *democratic* form, which it was very important to supply—a periodical which should unite with the attractions of a sound and vigorous literature, a political character capable of giving efficient support to the doctrines and measures of the Democratic Party.

In return for a remittance of \$30, eleven copies will be sent—for \$100, twenty three copies. The certificate of a postmaster of the remittance of a sum of money will be a sufficient receipt, all dangers of the mail being at the risk of the Publishers.

All communications will be addressed, post paid, to the undersigned, the Publishers.
LANGTREE & O'SULLIVAN
Washington, D. C., March 13, 1836.

Papers copying this prospectus, and wishing it distributed, will be furnished with the Magazine for one year, by sending a copy of the paper to the Publishers.

HERE IS HEALTH TO THE SICK!

NOBLE'S AGAMEDIAN

LOZENGE:

A NEVER FAILING CURE FOR

Fever & Ague,

And unrivalled as a Tonic in cases of Debility

Female Obstructions, Fevers, &c.

Owing to the unprincipled venality of a certain set of pretenders to skill, in the art of compounding medicine with reference to the cure of human ills, the country has been deluged with nostrums, to cure this and that disease—such as "Tonic mixture," and another "pain expeller," and "catholicon," &c. &c., an infirmum until it has become necessary for men of science, and those who wish to save the unfortunate from imposition and death, to lend their aid in stopping the ravages of quackery and presumption. Therefore, this Lozenge was invented by an experienced Chemist and Physician in accordance with the immutable principles of physiology and science as applicable to the pathology of human disease and expressly to meet the wants of EMIGRANTS and people of all places where the above diseases prevail, and is indisputably the best medicine ever before offered to the public for the cure of those diseases. Having more power than the Quinine, it has no deleterious effect on the constitution, as it prevents the formation of DISEASE IN THE LIVER, AGUE CAKES, &c., so often the consequence of the injudicious use of QUININE. It will never fail to cure the ague and all diseases of the constitution attendant upon it, when used according to the directions. There are twenty four Lozenges and six Pills in each box. Price one dollar per box. The almost universal overhauling offered in proportion to its virtues. Directions inside of the box.

B. J. NOBLE, General Agent,
Dexter, M. F.

CERTIFICATES.

This may certify, that having been afflicted with Ague and Fever, in a most aggravated form, for more than twelve months, without any intermission, except for a few days, I was at length perfectly cured by the use of one box of Noble's Agamedian Lozenge, after having tried most of the prepared remedies with no effect, such as Quinine, Bark, and various compounds. Such was my situation, previous to using the Lozenge, that I was wholly incapable of doing any kind of labor, and rapidly on the decline. A few days' use of it, however, wrought so great a change, that I was able to commence work, which I have continued without interruption ever since, although many months have elapsed since. I would recommend this medicine to those afflicted with Fever and Ague, as a safe and effectual remedy for that disease.

OED TAYLOR,
Said, Michigan, December 3, 1835.

I certify, that I was cured of an inveterate Ague by the use of Noble's Agamedian Lozenge. I would recommend it as a cordial and permanent remedy for that disease.

N. POWELL,
Dexter Village, Michigan, Feb. 24, 1836.

I can cheerfully testify to the superior efficacy of Noble's Agamedian Lozenge, as a remedy for Fever and Ague, from its use in my own case, having been perfectly cured of Fever and Ague by it, after having tried the usual variety of other medicines with no effect.

JOEL NEGUS,
Webster, Michigan, March 20, 1836.

This medicine can be had wholesale and retail by applying to the General Agent who will be happy to show some of the very many certificates which have been forwarded to him, or by sending orders to Strong & Walker, Hudson, Portage County, Ohio, or to any other regularly authorized agent in New York or Philadelphia.

For sale in Ravenna by I. SWIFT,
Hudson, March 9, 1836.

THE FAMILY MAGAZINE,
OR
GENERAL ABSTRACT OF USEFUL KNOWLEDGE

Published monthly; 40 pages imp. 8vo. at \$1 50 per year.

TAYLOR, 148 MAIN STREET, CINCINNATI.

TERMS.

The terms of the Family Magazine are \$1 50 a year, invariably in advance, and no subscription will be received for less than one year, and all subscriptions will be discontinued at the end of the year, unless they are again paid in advance.

Seven copies will be sent to one person for \$10—and fifteen copies for \$30—the amount in all cases to be remitted to us free of expense, but where there is evidence that the money is carefully enclosed and mailed, we will assume the risk of the mail.

Post masters in all the western and southern states are authorized agents, and all who will not as such receive a copy of the work, if they remit us the amount required for seven subscribers.

We are now prepared to furnish the work to any number of subscribers, either from the beginning of the volume in January 1835, or from the Number for July, and there are the only times at which subscriptions can be commenced.

All communications concerning the Family Magazine may be directed post paid, to
ELI TAYLOR,
Cincinnati, Ohio.

Justice Blanks.

FOR SALE AT THIS OFFICE.

It is hoped that its other features referred to above—independently of the desirable object of becoming acquainted with the doctrines of an opponent thus advocated—will recommend it to a liberal and candid support from all parties, and from the large class of no party.

To promote the popular object in view, and relying upon the united support of the Democratic Party, as well as from others, the price of subscription is fixed at the low rate of five dollars per annum, while in mechanical arrangement, and in size, quantity of matter, &c., the United States Magazine will be placed on a par at least with the leading monthlies of England. The whole will form three large octavo volumes each year.

The subscription will be in all cases payable in advance, or (for the first year only) six dollars on the delivery of the third number. The absolute necessity of this rule in such an establishment will be obvious to all.

In return for a remittance of \$30, eleven copies will be sent—for \$100, twenty three copies. The certificate of a postmaster of the remittance of a sum of money will be a sufficient receipt, all dangers of the mail being at the risk of the Publishers.

All communications will be addressed, post paid, to the undersigned, the Publishers.

VEGETABLE RHEUMATIC DROPS.

Many articles are before the public, and a cure for that most obstinate and tormenting disease the Rheumatism, and from close observation, we are led to believe that we have at a very great extent, failed to produce that desirable result; and may not be attributed to the fact that articles and to cure this trouble, some disorder, are also recommended, to cure almost every disease with which our (fellow) beings are afflicted, and in their preparation that object is kept in view, viz: to have the medicine a cure for all diseases.

The Vegetable Rheumatic Drops are offered to the public as a remedy for Rheumatism; and as no cure is known where a perfect cure was not effected, we are justified in declaring it a valuable medicine for that painful disease, and for no other it is recommended.—Price 50 Cents.

CERTIFICATES.
Messrs. O. & S. Crosby & Co. Gentlemen. I feel happy in having it in my power to state to you the good effect of your Vegetable Rheumatic Drops, or sure remedy, had in restoring me from a sick bed. In the month of April, 1835, I was so afflicted with the inflammatory Rheumatism, that I was confined to my bed. I was entirely unable to help myself. I could not reach such as turn my bed, and it was with the greatest difficulty that I could be moved into a bed. I tried various kinds of medicine, and was attended by a skillful physician, but all to no effect, until I made use of your Sure Remedy, which when applied as directed, gave me relief, and in a short time I was able to get up, and since then, I have been able to ride out and attend my usual business. I can cheerfully recommend it to the public as being a good medicine for Rheumatic complaints, as it has been a number of months and I have had no return.

AARON HOLDRIDGE,
Columbus, Ohio, Nov. 1st, 1835.

Messrs Crosby & Co. I was afflicted for several months with the Rheumatism and having used every remedy recommended by the most eminent physicians within my reach without success, I at length procured a bottle of your Rheumatic Drops or Sure Remedy, and made the application as directed, and before I had used one half of it, a perfect cure was effected; and to my knowledge the same bottle cured two of my neighbors. It is now about two years since I used your medicine, and I have not been troubled with the Rheumatism since.

RODNEY SPALD NG.
Marion, Marion Co. O., May 20, 1836.

DR. JUDKIN'S
SPECIFIC OINTMENT

For curing White Swellings of every description

Sore Legs and Ulcers of long standing. Glandular Tumors, Felons, or what some people

know by the name of Catarrhs; Rheumatic pains, and Bruises; Tetters of all kinds; Chilblains, or sores affected by frost; It also cures the most distressing Sores for Scalds and Burns.

For glandular swellings, it is superior to any medicine yet known. It is much safer than mercurial applications, (as it does not contain the smallest atom of that mineral,) because it does not lay the patient liable to injury from exposure to cold.

It cures the worst felons or whitlows; on application of four or eight hours.

Rheumatism which have stood so long as to become a systematic disorder, require medicine to be taken inwardly to remove them entirely. But in most cases by applying this ointment externally, as directed, it will give relief.

CERTIFICATES.
Washington, March 22, 1836.

Sir—My son being afflicted for five years with White Swelling, and having applied every remedy recommended by the most eminent physicians within my reach, without success, I at length procured one of Dr. Judkin's Patent Specific Ointment, and state for the benefit of the afflicted, that before one jar was used a perfect cure was effected. My son has enjoyed good health ever since. I have no doubt that the Ointment alone he is indebted, as nothing else was used for more than nine months before the application of the Ointment.

Respectfully,
JOHN COCKE.

I have made use of Dr. Judkin's Ointment, and it has proved a most valuable medicine to me, when afflicted with a sore on my hand, which I have been obliged to wear Indian-Rubber shoes, till I made use of the Ointment, which effected an entire cure. It is also the best remedy for sores and wounds, have ever used in my family.

T. WHITE'S
TOOTH-ACHE DROPS.

THE only Specific ever yet offered to the

Public, from which a radical and permanent cure may be obtained, of that distressing and painful tooth-ache, with all its attendant evils; such as fracturing jaws in extracting the teeth, which often occurs in some persons from the tooth-ache itself; and cold passing from the decaying tooth to the jaw, thence to the head, producing a rheumatic affection, with many other unpleasant effects, such as disagreeable breath, bad taste in the mouth, &c. &c. all of which are occasional from foul or decaying teeth. I am happy in having it in my power to offer to the public a remedy that will not only remove the pain, but preserve the teeth from further decay, and detach the carious matter from such as have not commenced aching, and remove the tartar and all other filth from the teeth, restoring them to health and usefulness.

CERTIFICATES.
Mr. Thomas White—I have the pleasure to inform you, that I have been using your Tooth-ache Drops in my practice for some time past, and I must acknowledge that I find them far superior to any thing I have ever yet known for that purpose.

I am well convinced that it will cure most cases of Tooth-ache, when it is timely and properly applied; and from a few weeks' experience, I am decidedly of the opinion that it will have a very beneficial effect in preserving the teeth; and I recommend it, hoping it may prove a blessing to humanity, and advantage to yourself.

VEGETABLE BLOOD PURIFIER
AND LIVER PILLS OF DR. CHAPMAN

PREPARED BY THOMAS S. BUTLER,
COLUMBUS, OHIO.

THIS preparation is offered as a remedy

for removing all diseases arising from a torpid action of the liver, impurity of the blood, and foul stomach and bowels. It relieves loss of appetite, acidity, costiveness, flatulency, dysentery, diarrhoea or looseness of the bowels, bilious affections, &c. They are purely vegetable, perfectly safe and accommodated to all ages and to every climate, and are recommended as a safe and efficacious Family Bile. They impart cheerfulness, give freedom to the blood, purge without sickness or pain, and banish all causes of fever of every kind. No alteration from the usual habits of life is required.

From the certificates received of their efficacy, the following from a physician of experience and respectability is deemed sufficient to publish—

"I am happy to certify, that having made the study and practice of medicine, my daily avocation for thirty years, and having used Dr. Chapman's Vegetable Blood Purifier and Liver Pills, in my own case, as well as those under my care, for the last four years, with the most decided success—knowing them to consist of the most useful and celebrated medicines, and in such just proportions of each as to produce the most happy effect, as a mild, safe and efficacious family pill—I can therefore cheerfully recommend them as such."

CHEMICAL PLASTRE

OR RHEUMATISM AND FEVER SORES.

AN important remedy for all those who are afflicted with inflammatory complaints by its easing pain, counteracting inflammation, and giving speedy relief without disagreeable sensation, and for its active strength giving tonic properties—an effectual remedy for the Rheumatism, cramp, ague, in the breast, burns, bruises, scalds, and sores, ulcers of all most every description, particularly fever sores. Those persons suffering with liver complaints, pulmonary diseases, inflammation of the lungs with pains in the side and breast, leadache, pains and weakness in the back, will find relief and in all cases it may be used with safety. If the pain be in the joints, it has proved most effectual by applying it to the feet. It should be spread thin on soft leather or paper, and applied to or as near to the part affected as possible. In case of severe inflammation, bleeding and a dose of two or three grains of Physic may be necessary, and the plaster wants changing, and this coat added every twenty-four hours. In case of fever sore, daily use of syrup made of the Burdock Root for some weeks will be useful and important.

It will be found highly useful for 7 after the operation for Strains and Bruises or Boreds Made and sold wholesale and retail by DEAN, at his Drug & Medical Store, Westfield Chautauque county, N. Y.

RECOMMENDATIONS.

TO THE APPLICANT.—This may certify, that, having been afflicted for five years past with what the doctors call the nervous rheumatism, in my hip, leg, and foot, so that the cords contracted, and lost the use of them, in a great measure, I met recently, had become almost useless, that I have called on physicians, from every quarter, both Botanic and Apothecary, without any effect, and having made use of the Chemical Plaster, which has relieved me from pain, loosed the cords, and restored my limbs to health in a short time.

MARTIN CRANE.
Mendon, July 25, 1832.

This may certify that I have been afflicted with the rheumatism in my shoulder, in such a manner that I could not raise my hand to my head; I applied the chemical plaster, which effected a cure in less than 48 hours.

Mrs. E. WILCOX,
Jamestown, September 22, 1832.

I have witnessed in an inveterate case of Fever sore, of four years standing, in my family, an entire cure was effected, by the above Plaster, in about four weeks. WM. BRITTON,
Westfield, June 4, 1835.

I have been afflicted for six years with an inflammatory rheumatism in my feet and limbs, attended with agonizing pain, depriving me of sleep and ease at times, night and day. I have sought in vain for medical relief, until hearing of the Chemical Plaster, sold by E. Dean, which has afforded immediate relief. My feet were in such agony that it seemed as if they would split from me. I applied a plaster and in a few hours they were perfectly easy and free from pain.

Westfield, Aug. 5, 1833.

SUPPLEMENT TO THE GLOBE.

PROSPECTUS FOR THE CONGRESSIONAL GLOBE AND APPENDIX

SENSIBLE of the deep interest which must

be felt throughout the Union in the proceedings of a new Congress, convened by the new administration, to meet the extraordinary emergencies which have arisen since the close of General Jackson's term of service, the undersigned have already made preparations to furnish their annual report in the form of a *Congressional Globe*. As these successive publications comprise a full and faithful record of all that is done in Congress—sketches of the attendant discussions, with an Appendix containing the finished speeches prepared by the members themselves—they are suited not only to gratify the curiosity of the hour, to inform the distant constituency of the part performed by their immediate representatives, and of the result of the labors of all, but we doubt not, they will be found permanently useful as the most authentic, complete, and convenient parliamentary record of our times. This undertaking having, with these views, been liberally patronized by the public, it is our purpose to justify this early and continued favor, by increasing the strength of corps of Reporters at the next fall and winter Sessions. The Fall Session will be looked to by the country to settle all that has been unsettled by the overthrow of the system of Deposits as established by Congress—the overthrow of the currency as established by the Constitution—and the overthrow of the system of revenues, both as means of adequate supply for present demands, the maintenance of manufactures, and the regulation of commerce. Every thing of pecuniary interest to the Government and the nation will be involved in the discussions of the next Congress; and it was because the President would not have those all-important subjects left to Executive discretion a moment beyond the time when a full Congress could be summoned, that the September session was convoked. The machinery of government, even when thrown out of gear, must continue to work; but when so disordered, its movement may be driven in a wrong direction. The Representatives of the people are alone competent to set it to rights. No Democratic Chief Magistrat would continue, in the condition of things at present existing, to substitute Executive expedients for clearly defined law springing from the public will.

TERMS.

For the Congressional Globe, during the first two sessions of the 25th Congress \$2 00

For the Appendix to the Congressional Globe, during the first two sessions of the 25th Congress \$2 00

Any person sending us the money for five copies of either of the above publications, will be entitled to a copy.</
